## Personalities Collection Finding Aid

This collection documents personalities that have made a considerable contribution to the history of black South Florida. Personalities range from prominent officials and celebrities to washer women and chauffeurs. It consists of primary and secondary source material, including audio cassettes, autobiographies, pictures, programs, obituaries, certificates, awards, newspaper articles, correspondence, resumes and videos. This is an active collection and is continually expanding. While the collection contains material on hundreds of individuals, material on specific individuals may be limited to a single item of information.

## A Series

*Number of Boxes: 1*

*Location: Collection Room, Ready Reference Section*

*Size: .5 linear feet*

*Processing Description: Folder level*

*Completed by: Whitney Ducas (Intern) & Timothy A. Barber (Assistant Archivist)*

*Date Started: July 7, 2004*

*Date of Completion: 7/13/04*

**\*\*\* Archivist Note:**

These records will be stored as the Personalities A Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. The collection is processed under a multiple series collection to accommodate the expansion of this collection if needed. The first processing stage of this collection is documented as series one, any further additions will be processed as the next available series number. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained a funeral program. I will place those programs I removed in our obituary collection until more

information is made available to the archives. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.

*Date Started: July 9, 2004*

*Date of Completion: 7/15/04*

**\*\*\* Archivist Note:**

These records will be stored as the Personalities C Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. The collection is processed under a multiple series collection to accommodate the expansion of this collection if needed. The first processing stage of this collection is documented as series one, any further additions will be processed as the next available series number. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained a funeral program. I will place those programs I removed in our obituary collection until more information is made available to the archives. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.

## I Series

*Number of Boxes: 1*

*Location: Collection Room, Ready Reference Section*

*Size: .5 linear feet*

*Processing Description: Folder level*

*Completed by: Renae Tompkins (Intern) & Timothy A. Barber (Assistant Archivist)*

*Date Started: August 9, 2005*

*Date of Completion: 8/19/2005*

### **\*\*\* Archivist Note:**

These records will be stored as the Personalities I Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained an obituary. I will place those removed in our obituary collection until more information is made available to us. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.

### **\*\*\* Archivist Note:**

These records will be stored as the Personalities J Collection, and since this is a community archives, it will be an ongoing collection. The collection includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained an obituary. I will place the ones

removed in our obituary collection until more information is made available to us on them. Also, I decided to remove the information on the members of the Johnson Family to form a Johnson Family Collection which will be inclusive of Dr. S.H. Johnson, Judge John D. Johnson, Ida Ellen Johnson, and more, due to the large volume of information in the collection.

**\*\*Researchers Note:**

Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), The Links, Medicine and Health, and Neighborhoods & Communities.

### \*\*\* Archivist Note:

These records will be stored as the Personalities K Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. The collection is processed under a multiple series collection to accommodate the expansion of this collection if needed. The first processing stage of this collection is documented as series one, any further additions will be processed as the next available series number. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained a funeral program. I will place those programs I removed in our obituary collection until more information is made available to the archives. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.

## L Series

*Number of Boxes: 1*

*Location: Collection Room, Ready Reference Section*

*Size: 1.25 linear ft.*

*Processing Description: File folder level*

*Completed by: Barbara Poteau (Summer Intern), Irrington Roberts (Archivist Intern Asst.), Timothy A. Barber (Assistant Archivist)*

*Date Started: June 6, 2006*

*Date of Completion: 6/07/06*

**\*\*\* Archivist Note:**

These records will be stored as the Personalities L Collection, and since this is a community archives, it will be an ongoing collection. The collection includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained an obituary. I will place the ones removed in our obituary collection until more information is made available to us. Also three personalities (Bea Hines, Zora Hurston, and Alcee Hasting) were removed from this collection due to the large volume of information collected. A separate collection will be made for those individuals. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), The Links, Medicine and Health, and Neighborhoods & Communities.

These records will be stored as the Personalities O Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained an obituary. I will place those removed in our obituary collection until more information is made available to us. This collection also contained the works of Benny O'Berry, the first African American to graduate from the University of Miami. Since that was an extensive collection, I separated it from this collection. Included in this collection are the works of Joe Oglesby a prominent reporter from the Miami Herald. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.

# S Series

Number of Boxes: 4

Locations: Collection Room, Ready Reference Section

Size: 2 linear feet

Processing Description: Item Level

Completed by: Tammy Jackson (Intern), & Timothy A. Barber (Archivist)

Date Started: June 6, 2007

Date of Completion: 6/15/07

## \*\*\* Archivist Note:

These records will be stored as the Personalities S Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained an obituary. I will place those removed in our obituary collection until more information is made available to us. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.

## **T Series**

*Number of Boxes: 2*

*Location: Collection Room, Ready Reference Section*

*Size: 1 linear feet*

*Processing Description: Item Level*

*Completed by: Danielle Ademas (Intern) & Timothy A. Barber (Archivist)*

*Date Started: June 19, 2007*

*Date of Completion: 9/18/07*

### **\*\*\* Archivist Note:**

These records will be stored as the Personalities T Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained an obituary. I will place those removed in our obituary collection until more information is made available to us. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.

**\*\*\* Archivist Note:**

These records will be stored as the Personalities V Collection, and since this is a community archives, it will be an ongoing collection. The collection already includes several prominent individuals in the community, and will continue to grow as more information is made available to the archives. Upon reviewing the collection, I made the decision to weed and remove several personalities that only contained an obituary. I will place those removed in our obituary collection until more information is made available to us. Researchers will be able to cross-reference this group of records with other material in the archives collection. Examples of other collections include: BellSouth Calendars, Obituary, Religion, Sites & Landmarks, Civil Rights (Civil Disturbance), and Neighborhoods & Communities.
